CHAIRMAN'S REVIEW

Dear Shareholders

It is a great pleasure for me to present the Chairman's Review on the overall performance of the Board. The collective efforts of the Board reflected through Annual Report for the financial year ended 30th June, 2021.

Fortunately, our country has been less affected by COVID-19 as it navigated the pandemic relatively well. The economy suffered during the pandemic but recovery began at the mid of the reporting year. Economics activity has largely normalized with an improvement in the overall business environment. The overall economic situation along with well contained pandemic, the company has encouraging results.

The Country's financial year has commenced with positive indicators as business activity gets back to normal and investor confidence is restored. The improved vaccination drive has further raised hopes of curbing the effect of COVID 19 and aiding the economics turnaround.

I wish to thank all stakeholders, for their untiring efforts in achieving good results under difficult circumstances.

I am pleased to express that the overall performance of the Board remained satisfactory and the Directors have played their role effectively while fulfilling their responsibilities in accordance with law and achieving the company's objectives in the best interest of the Shareholders.

چیرمین کا جائزہ:-

محترم حصص یافتگان:-

بورڈ کی مجموعی کارکردگی پر چیرمین کا جائزہ پیش کرنا میرے لئے باعث مسرت ہے۔ بورڈ کی اجتماعی کوششیں 30 جون 2021 کو ختم ہونے والے مالی سال کی سالانہ رپورٹ سے عیاں ہے۔

خوش قسمتی سے ہمارا ملک کوویڈ-19 سے کم متاثر ہوا ہے۔ کیونکہ ہم نے وبائی مرض کو نسبتاً بہتر انداز میں قابو کیا ہے۔ وبائی مرض کے دوران معیشت کو نقصان اٹھانا پڑا لیکن رپورٹنگ سال کے وسط میں معیشت کی بحالی شروع ہو گئی۔ مجموعی کاروباری ماحول میں بہتری کے ساتھ معاشیات کی سرگرمی بڑی حد تک معمول پر آ گئی ہے۔ وبائی امراض کے کنٹرول کے ساتھ ساتھ مجموعی معاشی صورتحال کے پیش نظر کمپنی کے نتائج حوصلہ افزا ہیں۔

ملک کا مالی سال مثبت اشاروں کے ساتھ شروع ہوا ہے۔ کیونکہ کاروباری سرگرمیاں معمول پر ہیں۔ اور سرمایہ کاروں کا اعتماد بحال ہوتا ہوا نظر آ رہا ہے۔ ویکسینیشن کی بہتر مہم نے کوویڈ-19 کے اثر کو روکنے اور معیشت کی بہتری کی امیدوں کو مزید بڑھایا ہے۔

میں تمام اسٹیک ہولڈرز کا ان مشکل حالات میں اچھے نتائج حاصل کرنے میں ان کی انتھک کوششوں کا شکریہ ادا کرنا چاہتا ہوں۔

مجھے یہ بتاتے ہوئے خوشی ہو رہی ہے۔ کہ بورڈ کی مجموعی کارکردگی تسلی بخش رہی اور ڈائریکٹرز نے قانون کے مطابق اپنی ذمہ داریوں کو پورا کرتے ہوئے اور کمپنی کے مقاصد جو حصص یافتگان کے بہترین مفاد میں ہوں ان کو حاصل کرنے میں اپنا کردار موثر انداز میں ادا کیا۔

DIRECTORS' REPORT TO THE MEMBERS

The directors of your Company have pleasure in presenting their report, together with 37th annual report of the Company containing Audited Financial Statements and Auditors Report thereon for the year ended June 30, 2021.

Market Overview

Economic & Business Environment

The pandemic engulfed the whole world and ravaged the health care system of many developed nations. Pakistan successfully dealt with waves of the COVID-19 with smart lockdown and improved containment strategies which aided in managing the reported cases and the resumption of economic activities.

The impact of the government's timely and appropriate measures is visible in the form of a v-shaped economic recovery on the back of broad-based growth across all sectors. The GDP growth rate for FY2021 stood at 3.94 percent, higher than the targeted growth of 2.1 percent, for the outgoing fiscal year. The government is monitoring the country's situation actively and is taking necessary measures to facilitate the overall Textile Industry. The performance of manufacturing sector has been encouraging during the year. Government monetary relief provided by SBP uplifted the bearish economic environment during the period.

Company's Performance

The Company's financial results have been positive and encouraging. During the financial year ended June 30, 2021, company earned a gross profit of Rs. 5.307 billion on sales of Rs. 37.089 billion as compared to gross profit of Rs. 1.366 billion on sales of Rs. 28.669 billion for the previous financial year ended by June 30, 2020. Sale of the Company has increased by 29.37% from the previous financial year. This increase of Textile Sector in Pakistan is performing well due to robust demand from the international market. The Company recorded a net profit of Rs. 640.535 million (Earning per share: Rs. 9.06 per share), as compared to net loss of Rs. (4.120) billion (Loss per share: Rs. (61.75) per share) for the last financial year. This outstanding recovery was made possible with management's focused and committed efforts towards best utilization of our resources in addition to the praiseworthy role of all our staff in making the company profitable again through their untiring efforts. The comparative financial results of the Company are reproduced hereunder:

EARNINGS/(LOSS) PER SHARE – BASIC (RUPEES)	<u>9.06</u>	<u>(61.75)</u>
- DILUTED (RUPEES)	<u>8.24</u>	<u>(56.90)</u>

Economic activity is slowly getting back to normal and business confidence has returned. There has been tremendous increase in our gross profit from the last financial year. During this period, which was dominated by the global spread of the COVID-19 pandemic, productions in Pakistan, by and large, remained undisrupted as compared to many other textile producing countries. Resultantly, there was a major shift of demand to Pakistan from international markets.

The Government handling of the COVID-19 situation as well as the support to the manufacturing sector in general by the State bank of Pakistan instilled a lot of confidence in the manufacturing sector. Government favorable reforms for the sustainable growth have built investor's confidence and allowed the local industry to flourish in local and international market.

Future Plans:

Government is taking positive steps which will help to boost the competitiveness of Pakistan's economy and lay a strong foundation for more robust and sustainable recovery. The support provided by the State Bank of Pakistan in terms of the concessionary finance for long term investments has also encouraged the sector to expand tremendously.

Subject to ongoing economic stability and the impacts of COVID-19 being kept under control, the company strongly believes its management team and factory workforces together with our customers' businesses remaining healthy will ensure that sales targets for the coming year will be achieved.

The major challenge for the textile industry is low production of cotton as compare to domestic requirement which has resulted increase in cotton prices. anticipated import of cotton would practically neutralize the impact of higher textile exports. That would cost heavily to a country that struggling to reduce trade deficit. Moreover, mounting dollar-rupee disparity is another worry which would increase the cost of imported cotton and necessary inputs. We therefore urge the Government to take further remedial measures to ensure that economy stays on the right path.

Dividend

The directors in its meeting have not proposed payment of ordinary dividend due to financial constraints and working capital requirements.

The Company had issued 60.000 million Preference Shares of the value of Rupees 600.000 million, redemption of these preference shares after the expiry of their maturity is at the option of the Company. Preference dividend is payable on the basis of the average six months KIBOR+200 bps per annum and accordingly Preference Dividend (accumulated) of Rupee 1.53 per share financial year 2020 and Rupees 0.93 for financial year 2021 has been computed against balance of 31,166,668 Preference shares.

Corporate Governance

The board of directors and management are aware of their responsibilities under the Listed Companies (Code of Corporate Governance) Regulation 2019 and Rule Book of Pakistan Stock Exchange. The company remains committed to the principles of good corporate management practice with emphasis on transparency and disclosures. Your Company is cognizant to monitor its operations and performance to enhance the accuracy, comprehensiveness and transparency of financial and non-financial information.

ڈائریکٹر رپورٹ برائے حصص یافتگان

آپ کی کمپنی کے ڈائریکٹرز 30 جون 2021ء کو اختتام پذیر ہونے والے مالی سال کی 37 ویں ڈائریکٹرز رپورٹ کے ساتھ آڈٹ شدہ مالیاتی گوشوارے اور آڈیٹرز رپورٹ پیش کرتے ہوئے خوشی محسوس کر رہے ہیں۔

مارکیٹ کا جائزہ.

معاشی اور کاروباری حالات :-

وبائی مرض نے پوری دنیا کو اپنی لپیٹ میں لے لیا ہے۔ اور کئی ترقی یافتہ ممالک کے صحت کے نظام کو تباہ کر دیا۔ پاکستان نے سمارٹ لاک ڈاؤن اور بہت کنٹرول کی حکمت عملی کے ساتھ کوویڈ-19 کی لہروں سے کامیابی سے نمٹا جس نے رپورٹ شدہ مالی مسائل کے بہتر انتظام اور معاشی سرگرمیوں کی بحالی میں مدد کی ہے۔

حکومت کے بروقت اور مناسب اقدامات کے اثرات تمام صنعتوں میں وسیع بنیاد پر ترقی کی پشت پر ایک وی شکل کی معاشی بحالی کی صورت میں نظر آئے ہیں۔ مالی سال 2021 کے لیے جی ڈی پی کی شرح نمو 3.94 فی صد رہی جو رواں مالی سال کے لئے 2.1 فی صد کی شرح نمو سے زیادہ ہے، حکومت ملک کی صورت حال کو خاص طور پر مانیٹر کر رہی ہے۔ اور ٹیکسٹائل کو مجموعی سہولت دینے کے لئے اقدامات کر رہی ہے۔ سال کے دوران پیداواری شعبہ کی کارگردگی حوصلہ افزا رہی ہے۔ اسٹیٹ بینک کی طرف سے فراہم کردہ حکومتی مالی امداد نے اس عرصے کے دوران معاشی ماحول کو بلند کیا۔

کمپنی کی کارکردگی :-

کمپنی کے مالی نتائج حوصلہ افزا رہے ہیں۔ 30 جون 2021 کو اختتام پذیر ہونے والے سال کے دوران آپ کی کمپنی نے 37.089 ارب کی فروخت پر 5.307 ارب مجموعی منافع کمایا۔ جبکہ 30 جون 2020 کو اختتام پذیر ہونے والے مالی سال میں 28.669 ارب کی فروخت پر 1.366 ارب مجموعی منافع تھا۔ کمپنی کی فروخت میں گزشتہ مالی سال کے مقابلے میں 29.37 فی صد اضافہ ہوا۔ پاکستان میں ٹیکسٹائل سیکٹر کا یہ اضافہ بین الاقوامی مارکیٹ سے مضبوط مانگ کی وجہ سے اچھی کارگردگی کا مظاہرہ کر رہا ہے۔ کمپنی نے 640.535 ملین روپے خالص منافع کمایا (فی حصص آمدنی 9.06 روپے فی حصص) رہی۔ جبکہ گزشتہ مالی سال میں کمپنی کو (4.120) ارب روپے کا خالص نقصان (فی حصص نقصان 61.75 روپے) ہوا تھا۔ یہ قابل ذکر بحالی ہمارے وسائل کے بہترین استعمال کی طرف مینجمنٹ کی توجہ اور پر عزم کوششوں سے ہے اور ساتھ ساتھ کمپنی کے منافع بخش بنانے میں ہمارے تمام عملے کے قابل ستائش کردار سے ممکن ہوئی ہے۔

مالی سرخیاں :-

کمپنی کے مالی نتائج کا موازنہ درج ذیل ہے۔

تفصیل	2021	2020
	روپے ہزاروں میں	روپے ہزاروں میں
آمدنی	37,089,359	28,668,642
لاگت سبز	(31,782,449)	(27,302,890)
مجموعی نفع	5,306,910	1,365,752
ڈسٹری بیوشن خرچہ	(2,262,880)	(2,149,418)
کاروبار کے انتظامی اخراجات	(854,396)	(716,404)
دیگر اخراجات	(313,068)	(972,665)
دیگر آمدن	443,433	420,371
مالی لاگت	(1,281,812)	(1,699,286)
(نقصان) / نفع ٹیکس سے پہلے	1,038,187	(3,751,650)
ادا کردہ ٹیکسز	(397,652)	(368,629)
(نقصان) / نفع ٹیکس کی ادائیگی کے بعد	640,535	(4,120,279)
(نقصان) / آمدن فی حصص بنیادی (روپیہ)	9.06	(61.75)
(نقصان) / آمدن فی حصص ڈائیکوٹ / کمی کر کے (روپیہ)	8.24	(56.90)

معاشی سرگرمیاں آہستہ آہستہ معمول پر آ رہی ہیں۔ اور کاروباری اعتماد واپس آیا ہے۔ گزشتہ مالی سال سے ہمارے مجموعی منافع میں زبردست اضافہ ہوا ہے۔ اس عرصے کے دوران، جو کہ کوویڈ-19 وبائی مرض کے عالمی پھیلاؤ کا غلبہ تھا۔ بہت سے دوسرے ٹیکسٹائل پیدا کرنے والے ممالک کے مقابلے میں پاکستان میں پیداوار بلا تعلق رہی۔ اس کے نتیجے میں بین الاقوامی منڈیوں سے پاکستان کی مصنوعات کی مانگ میں بڑی تبدیلی آئی۔

حکومت نے کوویڈ-19 کی صورت حال کے ساتھ ساتھ پیداواری شعبے کو اسٹیٹ بینک آف پاکستان کی طرف سے مدد دینے سے پیداواری شعبہ میں بہت اعتماد پیدا ہوا۔ پائیدار ترقی کے لئے حکومتی سازگار اصلاحات نے سرمایہ کاروں کا اعتماد بڑھایا ہے۔ اور مقامی صنعت کو مقامی اور بین الاقوامی مارکیٹ میں پھینچنے میں مدد کی ہے۔

مستقبل کے منصوبے :-

حکومت مثبت اقدامات کر رہی ہے۔ جس سے پاکستان کی معیشت کی مسابقت کو بڑھانے میں مدد ملے گی۔ اور مزید بحالی کی مضبوط اور پائیدار بنیاد رکھی جائے گی۔ اسٹیٹ بینک آف پاکستان کی جانب سے طویل مدتی سرمایہ کاری کے لئے رعایتی فنانس کے حوالے سے فراہم کردہ معاونت نے بھی اس شعبے کو زبردست وسعت دینے کی ترغیب دی ہے۔

جاری معاشی استحکام اور کوویڈ-19 کے اثرات کو کنٹرول میں رکھتے ہوئے، کمپنی کا پختہ یقین ہے۔ کہ اس کی انتظامی ٹیم اور فیکٹری کی افرادی قوت کے ساتھ مل کر ہمارے صارفین کے کاروبار صحت مندر ہیں گے۔ اور اس بات کو یقینی بنائیں گے کی آنے والے سال کے لئے فروخت کے اہداف کو حاصل کیا جائے۔

ٹیکسٹائل انڈسٹری کے لئے سب سے بڑا چیلنج مقامی ضررت کے مقابلے میں کپاس کی کم پیداوار کی وجہ سے قیمتوں میں اضافہ ہوا ہے۔ کپاس کی تیز تر درآمد ٹیکسٹائل کی زیادہ برآمدات کے اثرات کو عملی طور پر بے اثر کر دے گی۔ تجارتی خسارہ کم کرنے کے لئے جدوجہد کرنے والے ملک کو اس کی بھاری قیمت چکانی پڑے گی۔ مزید یہ کہ ڈالر اور روپے کی بڑھتی ہوئی تفاوت ایک اور تشویش ہے۔ جو درآمد شدہ کپاس اور ضروری ان پٹس کی لاگت میں اضافہ کرے گی۔ لہذا ہم حکومت پر زور دیتے ہیں۔ کہ وہ مزید اصلاحی اقدامات کرے تاکہ یہ یقینی بنایا جاسکے کہ معیشت صبح راستے پر ہے۔

حصہ ا منافع :-

ڈائریکٹرز نے اپنے اجلاس میں مالی رکاوٹوں اور ورکنگ سرمایہ کی ضرورت کی وجہ سے عام منافع کی ادائیگی کی تجویز نہیں دی ہے۔ کمپنی نے 600.000 ملین روپے کی مالیت کے 60.000 ملین ترجیحی حصص جاری کیے تھے ان ترجیحی حصص کی مدت پوری ہونے کے بعد ان کی واپسی کمپنی کے اختیار میں ہے۔ مالی سال 2020 کے دوران ترجیحی حصص کی واپسی متاثر نہیں ہوئی۔ ترجیحی منافع سالانہ اوسط چھ ماہ کے KIBOR+200BPS کی بنیاد پر قابل ادائیگی ہے اور اس حساب سے پچھلے سال کا منافع فی حصص 1.53 روپے کی منافع اور موجودہ سال کا منافع فی حصص 0.93 روپے کی منافع کا حساب اور بقایا 31,166,668 ترجیحی حصص پر حساب اکاؤنٹس کی کتابوں میں کیا گیا ہے۔

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Masood Textile Mills Limited

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Masood Textile Mills Limited (the Company) for the year ended 30 June 2021 in accordance with the requirements of Regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 June 2021.

INDEPENDENT ASSURANCE REPORT

To the Board of Directors of Masood Textile Mills Limited

Report on Shari'ah Compliance of Privately Placed Sukuk

Introduction

We were engaged by the Board of Directors (the Board) of Masood Textile Mills Limited (the Company) to express an opinion on the annexed Statement of Compliance (Statement) prepared by the management for the year ended 30 June 2021, with Sukuk Features and Shari'ah Requirements as required under Issue of Sukuk Regulations, 2015 (repealed) and Sukuk (Privately Placed) Regulations, 2017 (the Regulations) and Shari'ah Opinion (Fatwa) as issued by the Shari'ah Advisor and to the extent applicable, the guidelines of Shari'ah Standards issued by Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI), in all material respects.

Applicable Criteria

The criteria against which the subject matter information (the statement) is assessed comprises of the provisions of the Regulations and Shari'ah Opinion (Fatwa) as issued by the Shari'ah Advisor.

Company's Responsibilities for Shari'ah Compliance

The Board and management of the Company are responsible for the preparation of the annexed Statement and to ensure that it is free from material misstatement. It is the responsibility of the Company's Board and management to ensure that all Sukuk arrangements, contracts and transactions are in substance and in their legal form, in compliance with the Sukuk Features and Shari'ah Requirements as specified above. The Company's Board and management are responsible for prevention and detection of fraud and for identifying and ensuring that the Company complies with laws and regulations applicable to its Sukuk related activities and also for designing, implementation and maintenance of appropriate internal control procedures with respect to such compliance and maintenance of relevant records and such risk management system as the management determines is necessary to mitigate the risk of non-compliance of Sukuk Features and Shari'ah requirements whether due to fraud or error. They are also responsible for ensuring that personnel involved with the compliance with the Sukuk Features and Shari'ah Requirements are properly trained and systems are properly updated.

Our Independence and Quality Control

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. The firms apply International standard on Quality Control 1 "Quality Control for Firms That Perform Audits and Reviews of Historical Financial Statements, And Other Assurance and Related Service Engagements" and accordingly maintain a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Our Responsibilities

Our responsibility is to examine the annexed Statement prepared by management and to report thereon in the form of independent assurance conclusion based on the evidence obtained. We conducted our engagement in accordance with International Standards on Assurance Engagements (ISAE) 3000, "Assurance Engagements Other Than Audits or Reviews of Historical Financial Information", issued by the International Auditing and Assurance Standards Board of the International Federation of Accountants. The Standards requires that we plan and perform the engagement to obtain reasonable assurance regarding the subject matter i.e. about whether the annexed Statement presents fairly the status of compliance with Sukuk Features and Shari'ah Requirements as required under the Regulation and Shari'ah Opinion (Fatwa) issued by Shari'ah Advisor and to the extent applicable, the guidelines of Shari'ah Standards issued by AAOIFI, in all material respects.

The procedures selected depend on our professional judgement including the assessment of the risk of the Company's non-compliance with the Sukuk Features and Shari'ah Requirements, whether due to fraud or error. In making those risk assessment, we have considered internal control relevant to ensure compliance with Sukuk Features and Shari'ah Requirements, in order to design assurance procedures that are appropriate in the circumstances, but not for the purpose of expressing a conclusion as to the effectiveness of the Company's internal control over ensuring compliance with Sukuk Features and Shari'ah Requirements.

A system of internal control, because of its nature, may not prevent or detect all instances of non-compliance with Sukuk Features and Shari'ah Requirements, and consequently cannot provide absolute assurance that the objective of compliance with Sukuk Features and Shari'ah Requirement will be met.

The procedures performed included;

- Evaluation of the systems, procedures and practices in place with respect to Sukuk related transactions against the Features and Shari'ah Requirements;
- Verification that payments were made on time and there was no delay;
- Test for a sample of transactions to help ensure that these are carried out in accordance with the laid down procedures and practices; and
- Review of the Statement based on our procedures performed and conclusion reached.

Conclusion

Our conclusion has been formed on the basis of, and subject to, the matters outlined in the report. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis of our conclusion.

In our opinion, the annexed Statement prepared by management, for the year ended 30 June 2021, presents fairly the status of compliance with Sukuk Features and Shari'ah Requirements as required under the Regulation and Shari'ah Opinion (Fatwa) issued by Shari'ah Advisor, and to the extent applicable, the guidelines of Shari'ah Standards issued by AAOIFI, in all material respects.

INDEPENDENT AUDITOR'S REPORT

To the members of Masood Textile Mills limited Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of Masood Textile Mills Limited (the Company), which comprise the statement of financial position as at 30 June 2021, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2021 and of the profit, other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Following are the key audit matters:

Sr. No.	Key audit matters	How the matters were addressed in our audit
1.	<p>Inventory existence and valuation</p> <p>Inventories as at 30 June 2021 amounting to Rupees 13,528.032 million, break up of which is as follows:</p>	<p>Our procedures over existence and valuation of inventories included, but were not limited to:</p> <ul style="list-style-type: none"> • To test the quantity of inventories at all locations, we assessed the corresponding inventory observation instructions and participated in inventory

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in

Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our

conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Liaqat Ali Panwar.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated:

2.1 Basis of preparation

a) Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) and Islamic Financial Accounting Standards (IFASs) issued by the Institute of Chartered Accountants of Pakistan (ICAP), as notified under the Companies Act, 2017; and

- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRSs and IFASs, the provisions of and directives issued under the Companies Act, 2017 have been followed.

b) Accounting convention

These financial statements have been prepared under the historical cost convention, except as otherwise stated in respective accounting policies.

c) Critical accounting estimates and judgments

The preparation of these financial statements in conformity with the accounting and reporting standards, as applicable in Pakistan requires management to make judgements, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates underlying the assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Information about the judgements made by the management in the application of accounting policies, that have the most significant affect on the amounts recognized in these financial statements, assumptions and estimation uncertainties with significant risk of material adjustment to the carrying amount of assets and liabilities in the next year are as follows:

Staff retirement gratuity

Certain actuarial assumptions have been adopted as disclosed in Note 8.1 to the financial statements for determination of present value of gratuity. Any change in these assumptions in future years might affect the current and remeasurement gains and losses in those years.

Income tax

In making the estimates for income tax currently payable by the Company, the management takes into account the current income tax law and the decisions of appellate authorities on certain issues in the past.

Useful lives, patterns of economic benefits and impairments

The estimate for revalued amount of freehold land is based on valuation performed by external professional valuer and recommendation of technical teams of the Company. The said recommendations also include estimates with respect to residual values and depreciable lives. Further, the Company reviews the value of the assets for possible impairment on an annual basis. Estimates with respect to residual values and useful lives and pattern of flow of economic benefits are based on the analysis of the management of the Company. Any change in the estimates in future might affect the carrying amount of the respective items of property, plant and equipment with a corresponding effect on the depreciation charge and impairment.

Inventories

Net realizable value of inventories is determined with reference to currently prevailing selling prices less estimated expenditure to make sales. Inventory write-down is made based on the current market conditions, historical experience and selling goods of similar nature. It could change significantly as a result of changes in market conditions.

Allowance for expected credit losses

The allowance for expected credit losses assessment requires a degree of estimation and judgment. It is based on the lifetime expected credit loss, based on the Company's experience of actual credit loss in past years.

Revenue from contracts with customers involving sale of goods

When recognizing revenue in relation to the sale of goods to customers, the key performance obligation of the Company is considered to be the point of delivery of the goods to the customer, as this is deemed to be the time that the customer obtains control of the promised goods and therefore the benefits of unimpeded access.

d) Amendments to published approved accounting standards that are effective in current year and are relevant to the Company

Following amendments to published approved accounting standards are mandatory for the Company's accounting periods beginning on or after 01 July 2020:

- IAS 1 (Amendments) 'Presentation of Financial Statements' and IAS 8 (Amendments) 'Accounting Policies, Changes in Accounting Estimates and Errors';
- International Accounting Standards Board's revised Conceptual Framework – March 2018
- IFRS 16 (Amendments) 'Leases';
- Interest Rate Benchmark Reform which amended IFRS 9 'Financial Instruments', IAS 39 'Financial Instruments: Recognition and Measurement' and IFRS 7 'Financial Instruments: Disclosures'

The above-mentioned amendments to approved accounting standards did not have any impact on the amounts recognized in prior period and are not expected to significantly affect the current or future periods.

e) Amendments to published approved accounting standards that are effective in current year but not relevant to the Company

There are amendments to published approved accounting standards that are mandatory for accounting periods beginning on or after 01 July 2020 but are considered not to be relevant or do not have any significant impact on the Company's financial statements and are therefore not detailed in these financial statements.

f) Amendments to published approved accounting standards that are not yet effective but relevant to the Company

Following amendments to existing standards have been published and are mandatory for the Company's accounting periods beginning on or after 01 July 2021 or later periods:

Classification of liabilities as current or non-current (Amendments to IAS 1 'Presentation of Financial Statements') effective for the annual period beginning on or after 01 January 2023. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'.

Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets') effective for the annual period beginning on or after 01 January 2022 amends IAS 1 'Presentation of Financial Statements' by mainly adding paragraphs which clarifies what comprise the cost of fulfilling a contract. Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application.

Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16 'Property, Plant and Equipment') effective for the annual period beginning on or after 01 January 2022, clarifies that sales proceeds and cost of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc., are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2 'Inventories'. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented.

Following annual improvements to IFRS standards 2018-2020 are effective for annual reporting periods beginning on or after 01 January 2022:

IFRS 9 'Financial Instruments' – The amendment clarifies that an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf, when it applies the '10 per cent' test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognize a financial liability.

IFRS 16 'Leases' – The amendment partially amends Illustrative Example 13 accompanying IFRS 16 'Leases' by excluding the illustration of reimbursement of leasehold improvements by the lessor. The objective of the amendment is to resolve any potential confusion that might arise in lease incentives.

Disclosure of Accounting Policies (Amendments to IAS 1 'Presentation of Financial Statements' and IFRS Practice Statement 2 'Making Materiality Judgment') effective for annual periods beginning on or after 01 January 2023. These amendments are intended to help preparers in deciding which accounting policies to disclose in their financial statements. Earlier, IAS 1 states that an entity shall disclose its 'significant accounting policies' in its financial statements. These amendments shall assist the entities to disclose their 'material accounting policies' in their financial statements.

COVID-19-Related Rent Concessions (Amendment to IFRS 16 'Leases') effective for annual reporting periods beginning on or after 01 April 2021. These amendments permit a lessee to apply the practical expedient regarding COVID-19-related rent concessions. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented.

Change in definition of Accounting Estimate (Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors') effective for annual periods beginning on or after 01 January 2023. This change replaced the definition of Accounting Estimate with a new definition, intended to help entities to distinguish between accounting policies and accounting estimates.

Interest Rate Benchmark Reform – Phase 2 which amended IFRS 9 'Financial Instruments', IAS 39 'Financial Instruments: Recognition and Measurement' and IFRS 7 'Financial Instruments: Disclosures' is applicable for annual financial periods beginning on or after 01 January 2021. The changes made relate to the modification of financial assets, financial liabilities and lease liabilities, specific hedge accounting requirements, and disclosure requirements applying IFRS 7 to accompany the amendments regarding modifications and hedge accounting.

The above amendments and improvements are likely to have no significant impact on the financial statements.

g) Standards and amendments to approved published standards that are not yet effective and not considered relevant to the Company

There are other standards and amendments to published standards that are mandatory for accounting periods beginning on or after 01 July 2021 but are considered not to be relevant or do not have any significant impact on the Company's financial statements and are therefore not detailed in these financial statements.

2.2 Staff retirement benefit

The Company operates an unfunded gratuity scheme for its permanent employees who have completed the minimum qualifying period of service as defined under the scheme. The Company's obligation under this scheme is determined through actuarial valuation carried under Projected Unit Credit Method. Latest actuarial valuation has been carried on 30 June 2021. The method involves making assumptions about discount rates, future salary increases and mortality rates. Due to the long term nature of the benefit, such estimates are subject to certain uncertainties. Significant assumptions used to carry out the actuarial valuation have been disclosed in Note 8.1.4 to these financial statements.

Remeasurements changes which comprise actuarial gains and losses are recognized immediately in other comprehensive income.

2.3 Functional and presentation currency along with foreign currency transactions and translation

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (the functional currency). The financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency. All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the reporting date. Transactions in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are charged or credited to statement of profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated into Pak Rupees at exchange rates prevailing at the date of transaction. Non-monetary assets and liabilities denominated in foreign currency that are stated at fair value are translated into Pak Rupees at exchange rates prevailing at the date when fair values are determined.

2.4 Taxation

Current

The Company falls in the ambit of presumptive tax regime under section 169 of the Income Tax Ordinance, 2001. Provision for income tax is made in the financial statements accordingly. However, provision for tax on other income is based on taxable income at the current rates after considering the rebates and tax credits available, if any. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

Deferred

Deferred tax is accounted for using the liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is charged or credited in the statement of profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

2.5 Property, plant, equipment

a) Operating fixed assets

Property, plant and equipment are stated at cost less accumulated depreciation and any identified impairment loss except freehold land which is stated at cost / revalued amount less any identified impairment loss. Capital work-in-progress is stated at cost less any identified impairment loss. All expenditure connected with specific assets incurred during installation and construction period are carried under capital work-in-progress. These are transferred to operating fixed assets as and when these are available for use. Cost of property, plant and equipment signifies historical cost, revalued amount, borrowing cost pertaining to erection / construction period as referred in Note 2.9 and directly attributable cost of bringing the assets to working condition.

Increases in the carrying amounts arising on revaluation of freehold land are recognized in other comprehensive income and accumulated in revaluation surplus in shareholders' equity. To the extent that increase reverses a decrease previously recognized in the statement of profit or loss, the increase is first recognized in the statement of profit or loss. Decreases that reverse previous increases of the same asset are first recognized in other comprehensive income to the extent of the remaining surplus attributable to the asset; all other decreases are charged to the statement of profit or loss.

Valuations are performed frequently enough to ensure that the fair value of a revalued asset does not differ materially from its carrying amount.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Maintenance and normal repairs are charged to the statement of profit or loss during the period they are incurred.

b) Depreciation

Depreciation on property, plant and equipment is charged to the statement of profit or loss applying the reducing balance method at the rates given in Note 14.1 to write off the cost over their expected useful life. The Company charges depreciation on additions from the date when the asset is available for use and on deletions up to the date when asset is de-recognized. The residual values and useful lives are reviewed by the management, at each financial year end and adjusted if impact on depreciation is significant.

c) De-recognition

An item of property, plant and equipment is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset is included in the statement of profit or loss in the year the asset is de-recognized.

2.6 Leases**Right-of-use assets**

A right-of-use asset is recognized at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is shorter. Where the Company expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is charged over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any re-measurement of lease liabilities.

The Company has elected not to recognize a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are charged to income as incurred.

Lease liabilities

A lease liability is recognized at the commencement date of a lease. The lease liability is initially recognized at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortized cost using the effective interest method. The carrying amounts are re-measured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is re-measured, an adjustment is made to the corresponding right-of-use asset, or to statement of profit or loss if the carrying amount of the right-of-use asset is fully written down.

2.7 Ijarah Contracts

Under the Ijarah contracts, the Company obtains usufruct of an asset for an agreed period and consideration. The Company accounts for its Ijarah contracts in accordance with the requirements of IFAS 2 'Ijarah'. Accordingly, the Company as a Mustaj'ir (lesser) in the Ijarah contract recognizes the Ujrah (lease) payments as an expense in the statement of profit or loss on straight line lease over the Ijarah term.

2.8 Inventories

Inventories, except for stock in transit and waste stock / rags, are stated at lower of cost and net realizable value. Cost is determined as follows:

Stores, spare parts and loose tools

Usable stores, spare parts and loose tools are valued principally at moving average cost, while items considered obsolete are carried at nil value. In transit stores, spare parts and loose tools are valued at cost comprising invoice value plus other charges paid thereon.

Stock in trade

Cost of raw materials, work-in-process and finished goods is determined as follows:

- | | | |
|--|---|--|
| (i) For raw materials | - | Annual average basis. |
| (ii) For work-in-process
and finished goods | - | Average manufacturing cost including a portion
of production overheads. |

Materials in transit are valued at cost comprising invoice value plus other charges paid thereon. Waste stock / rags are valued at net realizable value.

Net realizable value signifies the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make a sale.

2.9 Borrowing cost

Interest, mark-up and other charges on long term financing are capitalized up to the date of commissioning of respective qualifying assets acquired out of the proceeds of such long term financing. All other interests, mark-up and other charges are recognized in statement of profit or loss.

2.10 Provisions

Provisions are recognized when the Company has a legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made.

2.11 Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If such indication exists, the asset's recoverable amount, being higher of value in use and fair value less cost to sell, is estimated. An impairment loss is recognized whenever, the carrying amount of an asset exceeds its recoverable amount. Impairment loss is charged to the statement of profit or loss. Reversal of the impairment losses are restricted to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if impairment loss had not been recognized. Reversal of impairment loss is also recognized in the statement of profit or loss.

2.12 Revenue from contracts with customers

i) Revenue recognition

Sale of goods

Revenue from the sale of goods is recognized at the point in time when the customer obtains control of the goods, which is generally at the time of delivery. Related Government grant is recognized when there is reasonable assurance that Company will comply with the conditions attached to it and grant will be received.

Rendering of services

Revenue from a contract to provide services is recognized over time as the services are rendered based on either a fixed price or an hourly rate.

Interest

Interest income is recognized as interest accrues using the effective interest method. This is a method of calculating the amortized cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Dividend

Dividend on investments is recognized when right to receive the dividend is established.

Other revenue

Other revenue is recognized when it is received or when the right to receive payment is established.

ii) Contract assets

Contract assets arise when the Company performs its performance obligations by transferring goods to a customer before the customer pays its consideration or before payment is due. Contract assets are treated as financial assets for impairment purposes.

iii) Right of return assets

Right of return assets represents the right to recover inventory sold to customers and is based on an estimate of customers who may exercise their right to return the goods and claim a refund. Such rights are measured at the value at which the inventory was previously carried prior to sale, less expected recovery costs and any impairment.

iv) Contract liabilities

Contract liability is the obligation of the Company to transfer goods to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company transfers goods, a contract liability is recognized when the payment is made. Contract liabilities are recognized as revenue when the Company performs its performance obligations under the contract.

2.13 Share capital

Ordinary and preference shares are classified as equity.

2.14 Financial Instruments

i) Recognition of financial instruments

The Company initially recognizes financial assets on the date when they are originated. Financial liabilities are initially recognized on the trade date when the entity becomes a party to the contractual provisions of the instrument.

ii) Classification and measurement of financial instruments

Investments and other financial assets

a) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at the fair value through profit or loss; and
- those to be measured at amortized cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gain and losses are recognized in statement of profit or loss.

For investments in debt instruments, this will depend on the business model in which the investment is held. The Company reclassifies debt instruments when and only when its business model for managing those assets changes.

b) Measurement

At initial recognition, the Company measures a financial asset at its fair value, in the case of a financial asset at its fair value plus transaction plus, in the case of a financial asset not at fair value through profit or loss, transaction cost that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset.

Amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on de-recognition is recognized directly in profit or loss and presented in other income / (other expenses) together with foreign exchange gains and losses.

Equity Instruments

The Company subsequently measures all equity instruments at fair value for financial instruments quoted in an active market, the fair value corresponds to a market price.

At fair value through profit or loss

Changes in the fair value of equity instruments at fair value through profit or loss are recognized in other income / (other expenses).

Dividends from such investments continue to be recognized in profit or loss as other income when the Company's right to receive payments is established.

Financial liabilities

Classification and measurement

Financial liabilities are classified at amortized cost. These are also subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in statement of profit or loss. Any gain or loss on de-recognition is also included in profit or loss.

iii) Impairment of financial assets

The Company recognizes loss allowances for ECLs on financial assets measured at amortized cost. The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

bank balances and debt securities for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than past due for a reasonable period of time. Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering of a financial asset in its entirety or a portion thereof. The Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

At each reporting date, the Company assesses whether financial assets are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the debtor;
- a breach of contract such as a default;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise; or
- it is probable that the debtor will enter bankruptcy or other financial reorganization.

iv) De-recognition

Financial assets

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset. Any interest in such de-recognized financial assets that is created or retained by the Company is recognized as a separate asset or liability.

Financial liabilities

The Company de-recognizes a financial liability (or a part of financial liability) from its statement of financial position when the obligation specified in the contract is discharged or cancelled or expired.

v) Offsetting of financial instruments

Financial assets and financial liabilities are set off and the net amount is reported in the financial statements when there is a legal enforceable right to set off and the Company intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

2.15 Trade and other receivables

Trade receivables are initially recognized at fair value and subsequently measured at amortized cost using the effective interest method, less any allowance for expected credit losses.

The Company has applied the simplified approach to measure expected credit losses, which uses a lifetime expected loss allowance. Actual credit loss experience over past years is used to base the calculation of expected credit loss.

Other receivables are recognized at amortized cost, less any allowance for expected credit losses.

2.16 Borrowings

Borrowings are recognized initially at fair value and are subsequently stated at amortized cost. Any difference between the proceeds and the redemption value is recognized in the statement of profit or loss over the period of the borrowings using the effective interest method.

2.17 Trade and other payables

Liabilities for trade and other amounts payable are initially recognized at fair value, which is normally the transaction cost.

2.18 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at banks on current, saving and deposit accounts and other short term highly liquid instruments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in values.

2.19 Dividend and other appropriations

Dividend distribution to the Company's shareholders is recognized in the period in which it is declared and other appropriations are recognized in the period in which these are approved by the board of directors.

2.20 Segment reporting

Segment reporting is based on the operating (business) segments of the Company. An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to the transactions with any of the Company's other components. Operating segments are reported in a manner consistent with the internal reporting structure. Management monitors the operating results of its segments separately for the purpose of making decisions regarding resource allocation and performance assessment.

Segment results that are reported to management include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Those income, expenses, assets, liabilities and other balances which cannot be allocated to a particular segment on a reasonable basis are reported as unallocated.

The Company has three reportable operating segments: i) Spinning (Producing different qualities of yarn), ii) Knitting (Producing knitted fabric from yarn), iii) Processing and Garments (Processing of greige fabric for production of dyed and white fabric and manufacturing of variety of garments from processed fabric).

Transactions among the operating segments are recorded at arm's length prices using admissible valuation methods. Inter segment sales and purchases are eliminated from the total.

2.21 Earnings per share

The Company presents basic and diluted Earnings per Share (EPS). Basic EPS is calculated by dividing profit attributable to shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting profit attributable to shareholders and the weighted average number of ordinary shares outstanding with the effects of all dilutive potential ordinary shares.

2.22 Contingent assets

Contingent assets are disclosed when the Company has a possible asset that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognized until their realization becomes certain.

2.23 Contingent liabilities

Contingent liability is disclosed when the Company has a possible obligation as a result of past events whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent liabilities are not recognized, only disclosed, unless the possibility of a future outflow of resources is considered remote. In the event that the outflow of resources associated with a contingent liability is assessed as probable, and if the size of the outflow can be reliably estimated, a provision is recognized in the financial statements.

2.24 Government grants

The benefit of lower interest rate than market rate on borrowings obtained under State Bank of Pakistan (SBP) refinance scheme for payment of salaries and wages to the employees and workers of the Company, is accounted for as government grant which is the difference between loan received and the fair value of the loan. The differential amount is recognized and presented as deferred government grant.

In subsequent periods, the grant shall be amortized over the period of loan and amortization shall be recognized in the profit or loss.

3. ISSUED, SUBSCRIBED AND PAID UP SHARE CAPITAL

3.1 The Company issued cumulative preference shares as at 30 June 2005, which are listed on Pakistan Stock Exchange Limited, to finance the working capital requirements and fixed capital expenditure.

Terms of redemption**a) Conversion option**

Preference shareholders have the option to serve a notice to the Company to convert one third of the preference shares along with accumulated dividend into ordinary shares of the Company after the expiry of four years from the date of issuance in any conversion year at a discount of 15 percent to immediately preceding 30 calendar days' average market value. Upon receiving the conversion notice, the Company will have the option to repay the preference shares along with the accumulated dividend for which conversion notice has been issued within one month of receiving thereof or issue ordinary shares to preference shareholders.

b) Call option

The Company has the option to redeem the preference shares after four years of the issuance in part in multiples of 10 percent upto 100 percent from the preference shareholders. The call price would be Rupees 10 per share plus the entire accumulated preference share dividend, if any.

c) Rate of dividend

The preference dividend is payable at the average rate of six months KIBOR plus 2 percent per annum on cumulative basis. According to the terms of issuance, dividend to ordinary shareholders could only be paid after the payment of preference dividend to preference shareholders.

d) Sinking fund reserve

The Company has created a sinking fund reserve (capital redemption reserve fund) from the profits of the Company to make payments against any call option. The Company has built-up this sinking fund reserve to ensure that at the end of the fourth year from the issuance date, the reserve is equal to one third of the total amount of preference shares. This reserve account will subsequently be replenished to ensure that one third of the outstanding preference shares amount is available in the reserve account.

8.1.5 Sensitivity analysis for actuarial assumptions:

The sensitivity of the defined benefit obligation as at reporting date to changes in the weighted principal assumption is:

	2021	2020
Discount rate	1.00%	1.00%
Increase in assumption (Rupees in thousand)	(77,667)	(70,395)
Decrease in assumption (Rupees in thousand)	89,844	81,684
Future salary increase	1.00%	1.00%
Increase in assumption (Rupees in thousand)	86,836	78,903
Decrease in assumption (Rupees in thousand)	(76,203)	(69,035)

8.1.6 Expected maturity profile

Followings are the expected distribution and timing of benefit payments at year end:

Description	2021	2020
	(RUPEES IN THOUSAND)	
2021	-	163,963
2022	181,981	161,977
2023	205,181	153,379
2024 to 2028	933,025	688,838
2029 and onwards	12,559,551	7,523,408

The sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit plan to significant actuarial assumptions, the same method (present value of the defined benefit plan calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the gratuity liability recognized within the statement of financial position.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous year except for certain changes as given in Note 8.1.4

8.1.7 The estimated expenses to be charged to profit and loss account for the year ending on 30 June 2022 is Rupees 407.812 million.

8.1.8 Risks associated with the scheme**Final salary risk (linked to inflation risk)**

The risk that the final salary at the time of cessation of service is greater than what we assumed. Since the benefit is calculated on the final salary (which will closely reflect inflation and other macroeconomic factors), the benefit amount increases as salary increases.

Demographic risks

- **Mortality risk** - The risk that the actual mortality experience is different than the assumed mortality. This effect is more pronounced in schemes where the age and service distribution is on the higher side.

- **Withdrawal risk** - The risk of actual withdrawals experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiary.

8.2.1 The State Bank of Pakistan (SBP), through its Circular No. 06 of 2020 dated 10 April 2020 has introduced a temporary Refinance Scheme for Payment of Wages and Salaries to the Workers and Employees of Business Concerns (the Refinance Scheme). The Refinance Scheme is funded by SBP. Borrowers can obtain loans from the Banks and ease their cash flow constraints to avoid layoffs. One of the key feature of the Refinance Scheme is that borrowers can obtain loan at mark-up rates that are below normal lending rates. As per International Accounting Standard (IAS) 20 'Accounting for Government Grants and Disclosure of Government Assistance' the benefit of a Government loan at a below-market rate of interest is treated as a Government Grant. The Company has obtained this loan as disclosed in Note 6.1.1 to the financial statements. In accordance with IFRS 9 'Financial Instruments', loan obtained under the Refinance Scheme was initially recognized at its fair value which is the present value of loan proceeds received, discounted using prevailing market rates of interest for a similar instrument. Hence, the benefit of the below-market rate of interest has been measured as the difference between the initial carrying value of the loan determined in accordance with IFRS 9 and the proceeds received. This benefit is accounted for and presented as deferred grant in accordance with IAS 20. The grant is being amortized in the statement of profit or loss, in line with the recognition of interest expense the grant is compensating.

8.3.1 This represents Gas Infrastructure Development Cess (GIDC) which was levied through GIDC Act, 2015. During the year, Supreme Court of Pakistan vide judgement dated 13 August 2020 has upheld the GIDC Act, 2015 to be constitutional and intra vires. Now the Company is to pay the balance amount of GIDC in 24 equal monthly installments. This liability has been recognized at fair value using discount rate of 9.23% per annum and the difference between the fair value and the total amount of liability is recognized in statement of profit or loss as other income. Subsequent to initial recognition, the effect of unwinding of liability is recognized in statement of profit or loss as finance cost.

- i) Guarantees of Rupees 244.995 million (2020: Rupees 259.995 million) are given by the banks of the Company to Sui Northern Gas Pipelines Limited (SNGPL) against gas connections and Total Parco Pakistan Limited against fuel cards.
- ii) On 13 August 2020, the Supreme Court of Pakistan upheld the Gas Infrastructure Development Cess (GIDC) Act, 2015 to be constitutional and intra vires. In connection with this decision, the Company filed a writ petition in Lahore High Court, Lahore on 14 September 2020 against the charge of GIDC at the rate of captive power consumer instead of industrial consumer. Lahore High Court, Lahore suspended the payment of Rupees 23.625 million (2020: Rupees 20.200 million) related to this difference, subject to furnishing of post dated cheques which are being submitted by the Company. Keeping in view the opinion of the legal counsel of the Company, the related provision is not made in these financial statements as there are strong grounds of favourable outcome of the petition.

b) Commitments

- i) Contracts for capital expenditure are amounting to Rupees 27.462 million (2020: Rupees 167.148 million) and other than capital expenditure are of Rupees 2,020.522 million (2020: Rupees 628.862 million).
- ii) Ijarah commitments - Company as lessee

The Company obtained vehicles under ijarah agreement. The lease terms are three to five years. The Company has given undertaking to purchase the leased vehicles on agreed purchase price at maturity.

The future aggregate minimum lease payments under ijarah are as follows:

41. FINANCIAL RISK MANAGEMENT**41.1 Financial risk factors**

Risk management is carried out by the Company's finance department under policies approved by the Board of Directors. The Board provides principles for overall risk management, as well as policies covering specific areas such as currency risk, other price risk, interest rate risk, credit risk, liquidity risk, investment of excess liquidity and use of non-derivative financial instruments.

(a) Market risk**(i) Currency risk**

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Company is exposed to currency risk arising from various currency exposures, primarily with respect to the United States Dollar (USD), Euro and Great Britain Pound (GBP). Currently, the Company's foreign exchange risk exposure is restricted to bank balances and the amounts receivable / payable from / to the foreign entities. The Company's exposure to currency risk was as follows:

	2021	2020
Cash at banks - USD	61,522	61,479
Trade debts - USD	42,666,032	38,023,019
Trade debts - Euro	262,268	342,189
Trade debts - GBP	21,046	-
Trade and other payables - USD	(1,540,164)	(503,879)
Trade and other payables - Euro	(2,556)	(16,386)
Net exposure - USD	41,187,390	37,580,619
Net exposure - Euro	259,712	325,803
Net exposure - GBP	21,046	-

Following significant exchange rates were applied during the year:

Rupees per US Dollar

Average rate	160.18	158.17
Reporting date rate	157.80	168.25

Rupees per Euro

Average rate	191.09	175.02
Reporting date rate	188.12	189.11

Rupees per GBP

Average rate	215.52	-
Reporting date rate	218.58	-

Sensitivity analysis

If the functional currency, at reporting date, had weakened / strengthened by 5% against the USD, Euro and GBP with all other variables held constant, the impact on profit / (loss) after taxation for the year would have been Rupees 318.469 million higher / lower (2020: Rupees 316.147 million lower / higher), Rupees 2.394 million higher / lower (2020: Rupees 3.081 million lower / higher) and Rupees 0.225 million higher / lower (2020: Nil) respectively, mainly as a result of exchange gains / losses on translation of foreign exchange denominated financial instruments. Currency risk sensitivity to foreign exchange movements has been calculated on a symmetric basis. In management's opinion, the sensitivity analysis is unrepresentative of inherent currency risk as the year end exposure does not reflect the exposure during the year.

(ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market. As at 30 June 2021, the Company is not exposed to commodity price risk.

(iii) Interest rate risk

This represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company's interest rate risk arises from long term financing, lease liabilities, short term borrowings, term finance certificates and bank balances in saving accounts. Financial instruments at variable rates expose the Company to cash flow interest rate risk. Financial instruments fixed rate expose the Company to fair value interest rate risk.

At the reporting date, the interest rate profile of the Company's interest bearing financial instruments was:

	2021	2020
	(RUPEES IN THOUSAND)	
Fixed rate instruments		
Financial assets		
Term deposit receipt	-	600,000
Financial liabilities		
Long term financing	2,977,393	2,113,479
Lease liabilities	205,396	318,290
Floating rate instruments		
Financial assets		
Bank balances - saving accounts	429,864	527,272
Term finance certificates	100,000	100,000
Financial liabilities		
Long term financing	4,576,219	5,642,040
Lease liabilities	20,669	22,285
Short term borrowings	15,011,000	15,835,860

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the reporting date would not affect profit or loss of the Company.

Cash flow sensitivity analysis for variable rate instruments

If interest rates, at the year end date, fluctuates by 1% higher / lower with all other variables held constant, profit / (loss) after taxation for the year would have been Rupees 186.964 million lower / higher (2020: Rupees 208.729 million higher / lower), mainly as a result of higher / lower interest expense / income on floating rate financial instruments. This analysis is prepared assuming that amounts of liabilities outstanding at reporting date were outstanding for the whole year.

(b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Company does not believe it is exposed to major concentration of credit risk, however to manage any possible exposure the Company applies approved credit limit to its customers. The management monitors and limits Company's exposure to credit through monitoring of client's exposure review and conservative estimates of allowance of expected credit loss. The Company is exposed to credit risk on trade debts, bank balances, deposits, investments, loans, advances and other receivables. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

Investments	106,771	203,218
Trade debts	7,435,280	7,763,851
Loans and advances	72,459	50,627
Deposits	235,565	212,459
Other receivables	24,639	38,130
Bank balances	529,088	1,170,385
	<u>8,403,802</u>	<u>9,438,670</u>

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rate. The external credit rating of Company's bankers is given below:

Due to the Company's long standing business relationships with these counterparties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counterparties on their obligations to the Company. Accordingly the credit risk is minimal.

(c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Company manages liquidity risk by maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities. At 30 June 2021, the Company had Rupees 2,064 million (2020: Rupees 2,070 million) available borrowing limits from financial institutions and Rupees 530.931 million (2020: Rupees 1,173.014 million) cash and bank balances. Management believes the liquidity risk to be low. Following are the contractual maturities of financial liabilities, including interest payments. The amounts disclosed in the table are undiscounted cash flows.

Following are the contractual maturities of financial liabilities as at 30 June 2021:

The contractual cash flows relating to the above financial liabilities have been determined on the basis of interest rates / mark-up rates effective as at 30 June. The rates of interest / mark-up have been disclosed in Note 6, Note 7 and Note 11 of these financial statements.

(d) Capital risk management

The objective of the Company when managing capital is to safeguard its ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders; and to maintain a strong capital base to support the sustained development of its business.

The Company manages its capital structure by monitoring return on net assets and makes adjustments to it in the light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to the shareholders or issue new shares. In accordance with the terms of facility letter of term finance facility issue by Habib Bank Limited (the Bank) under SBP Refinance Scheme for payment of wages and salaries as given in Note 6.1.1, Company shall take prior approval of the Bank before declaring any dividend.

The Company finances its expansion projects through equity, borrowings and management of its working capital with a view to maintain an appropriate mix between various sources of finance to minimize risk.

41.3 Offsetting financial assets and financial liabilities

As on reporting date, recognized financial instruments are not subject to offsetting as there are no enforceable master netting arrangements and similar agreements.

42. RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS**(i) Fair value hierarchy**

Judgements and estimates are made in determining the fair values of the financial instruments that are recognized and measured at fair value in these financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into following three levels. An explanation of each level follows underneath the table:

	Level 1	Level 2	Level 3	Total
----- (RUPEES IN THOUSAND) -----				
Financial assets - recurring fair value measurement				
At fair value through profit or loss	6,771	-	-	6,771
At 30 June 2021	<u>6,771</u>	<u>-</u>	<u>-</u>	<u>6,771</u>
At 30 June 2020	<u>103,218</u>	<u>-</u>	<u>-</u>	<u>103,218</u>

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to the short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further there was no transfer out of level 3 measurements.

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

(ii) Valuation technique used to determine fair value

Specific valuation technique used to value financial instruments includes the use of market prices.

43. RECOGNIZED FAIR VALUE MEASUREMENTS - NON-FINANCIAL ASSETS**(i) Fair value hierarchy**

The judgements and estimates made in determining the fair values of the non-financial assets that are recognized and measured at fair value in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its non-financial assets into the following three levels.

	Level 1	Level 2	Level 3	Total
-----RUPEES IN THOUSAND-----				
At 30 June 2021				
Freehold land	-	3,605,679	-	3,605,679
At 30 June 2020				
Freehold land	-	3,605,679	-	3,605,679

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfer between level 1 and 2 for recurring fair value measurement during the year. Further, there was no transfer in and out of level 3.

(ii) Valuation techniques used to determine level 2 fair values

The Company obtains independent the valuation for its freehold land (classified as property, plant and equipment) after every three years. The management updates the assessment of the fair value of freehold land, taking into account the most recent independent valuation. The management determines freehold land's value within a range of reasonable fair value estimates. The best evidence of fair value is current prices in an active market for similar lands.

Valuation processes

The Company engages external, independent and qualified valuer to determine the fair value of the Company's freehold land.

Changes in fair values are analyzed during the valuation discussion between the Chief Financial Officer and the valuer. As part of this discussion the team presents a report that explains the reason for the fair value movements.
